ENL60710S1

American-style food centre with water and ice through door - produces up to 154 ice cubes a day.

ENL60710S1

PRODUCT BENEFITS

No defrosting anymore
The FrostFree system prevents the creation of frost and ice in the interior of the appliance. The result: no need to defrost anymore and considerable energy savings. The secret: the air is pre-cooled and humidity is removed.

Transparent drawers
Transparent drawers are not only nice to look at, but offer a real advantage: from the outside you see at a glance what is inside.

Save money!
What could be better than an energy class rating of A+? Rest assured with minimal power consumption which enables you to save up to 25% over the lifespan of your appliance.
